

BE MY VALENTINE Instead of the usual in-class celebration for Valentine's Day, North Star School Kindergarten teachers Caitlin Matichuk and Monica Herbert chose a different way to help their students experience the day's message of caring and sharing: a visit to the extended care wing at AGH. They and the students enjoyed an afternoon of craft-making with the residents, who were delighted to see the young visitors. Above, Ella and Molly Lantin work with Ann Advent on some Valentine decorations, while at right Noah Bjorkman visits with John Galesloot. NORTH STAR SCHOOL PHOTOS
