

NORTH STAR STARS Four grade six North Star students were saluted at the school's end-of-year assembly for their positive contributions to school life during their years at the school. The OPC Principal's Leadership Award went to Caryss Kehl (holding the big plaque); principal Jody Labossiere called her an excellent role model for younger students who brought a cheerful, supportive attitude that had a calming influence on others. She was a leader in academics, athletics, and peer relationships, and a reliable volunteer whenever needed.

The principal went on to present special recognition awards to Katie Lacosse, Ashlyn Marr, and Karlyn Rissanen for their exemplary leadership over the years. Their enthusiasm was contagious and greatly appreciated by staff and students, she said, praising their contributions to the breakfast program, buddy reading, and student-led clubs.
