

RAINY RIVER DISTRICT SCHOOL BOARD
Financial Statement and Auditors' Report
For the year ended August 31, 2000

Auditors' Report

To the Members of the Rainy River District School Board

We have audited the Balance Sheet of the Rainy River District School Board as at August 31, 2000, and the Revenue Fund Statement of Operations, the Capital Fund Statement of Operations and the Reserve Fund Statement of Continuity for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at August 31, 2000, and the results of its operations for the year then ended in accordance with the accounting principles described in Note 1 to the financial statements.

Director of Education

Chair of the Board

Rainy River District School Board

Notes to Financial Statements

August 31, 2000

1. Significant Accounting Policies

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and Training and are considered appropriate for Ontario School Boards. These principles are in accordance with generally accepted accounting principles except as follows:

(a) Accrual Accounting

Revenue and expenditure are accounted for on the accrual method except for:

(i) No provision is made for interest on unmatured debenture debt from the date of payment to the year-end.

(ii) No provision is made to record the liability for retirement and/or sick leave benefits accruing over the working lives of employees.

(iii) Supplementary taxes and tax write offs have not been accrued for 2000.

(b) Capital Assets

Capital assets are expensed unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Capital assets including capital leases described as capital outlay to be recovered in future years, are included on the balance sheet only to the extent of the balances of the related net long-term liabilities outstanding and of the related temporary financing at the year-end.

(c) Reserves and Reserve Funds

Reserves and reserve funds represent funds appropriated for general and

specific purposes and are charged or credited to revenue fund operations in the year appropriated or drawn down. The amounts in reserves and reserve funds are approved by the Board and are within the limits defined in the Education Act.

(d) Accumulated Deficit (Surplus) at year-end

The difference between the net expenditures of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement.

(e) Legislative Grant

The Legislative Grant calculations are prepared by the Board annually and submitted to the Ministry of Education for their final approval. Reassessments, when they occur, will be recorded in that year.

2. Retirement Gratuity Plans

Under the sick leave benefit plan unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the Board's employment. These accumulated days, to the extent that they could be used to determine the cash payment to an employee on terminating, amount to \$324,029 (1999 - \$216,918). No provision has been made on account of the sick leave benefit plan. Expenditures on account of sick leave retirement gratuities made in the year were \$455,387 (1999 - \$520,340).

3. Net Long-term Liabilities

There were no net long-term liabilities outstanding at August 31, 2000 for which repayments of principal and interest are scheduled over the next five years. (Temporary financing for recent construction projects amounts to \$12,587,634).

4. Area of Jurisdiction Without Municipal Organization

The Board performs the duties of levying and collecting taxes in territory without municipal organization. The amounts required for 2000 did not include outlay by the Board in respect of performing duties of a municipal council.

5. Revenue Fund Statement of Operations

The revenue fund expenditure for debt charges and capital loan interest includes principal and interest payments as follows:

Principal payment on long-term liabilities

including contribution to sinking fund	\$ -
Interest payment on long-term liabilities	-
Interest payment on temporary financing of capital projects	<u>777,055</u>
	\$ 777,055
	=====

6. Pension Plan Costs

Substantially all non-teaching employees of the School Board are eligible to be members of the Ontario Municipal Employees Retirement System (OMERS) which is a multi-employer final average pay contributory plan. Employer contributions made to the plan during the year by the Board amounted to \$NIL (1999 - NIL). Those amounts have been included in employee benefits expense in the Schedule of Expenditure.

Not shown in the financial statements of the Board are the employer's contribution to the Teachers' Pension Plan. The funding for such is provided directly by the Provincial Government.

7. Ontario School Board Insurance Exchange

The Board is a member of the Ontario School Board Insurance Exchange (OSBIE) a reciprocal insurance company licensed under the Insurance Act. OSBIE insures general public liability, property damage and certain other risks.

8. Contractual Obligations and Contingent Liabilities

(a) Contracts for the construction of new buildings

The Board was involved in the construction of the Westfort Multi-Use Project. The cost of the high school portion of the project is estimated at \$21,250,000. The project will attract \$10,287,633 in grant from the Ministry of Education and Training leaving a balance of \$10,962,367 for a debenture issue.

(b) Leasing of automotive equipment

During 1996, the Board entered into leasing agreements with a bank to acquire two school buses at a cost of \$122,808. The term of each lease is five years.

Annual repayments total \$32,903.

During 1998, the Board entered into a leasing agreement with a bank to acquire two school buses at a cost of \$128,331. The term of the lease is eight years. Annual repayments total \$22,995.

During 1996, the Board guaranteed leasing agreements with a bank on four school buses owned by contracted bus operators. The cost of the four buses was \$250,260. The term of each lease is seven years and the annual repayments made by the contractors total \$51,940. In the event of default by the contractors, the Board will take possession of the buses.

During 1998, the Board guaranteed leasing agreements with a bank on three school buses owned by contracted bus operators. The cost of the three buses was \$191,000. The term of each lease is eight years and the annual repayments made by the contractors total \$34,224. In the event of default by the contractors, the Board will take possession of the buses.

During 1997, the Board entered into a leasing agreement with a bank to acquire two maintenance vehicles at a cost of \$42,683. The term of the lease is four years. Annual payments total \$12,207.

During 1998, the Board entered into a leasing agreement with a bank to acquire a delivery van at a cost of \$30,600. The term of the lease is four years. Annual payments total \$9,598.

(d) Leasing of other equipment

The board routinely acquires or replaces photo-copying equipment, telephone equipment and other equipment by ways of leasing through a bank or a supplier.

9. Tax Levy

The Board was unable to issue the 2000 tax levy on unorganized areas. An estimate based on 1999's tax levy was used in the preparation of these financial statements.

10. Union Agreements

The union agreement with the Canadian Union of Public Employees was ratified on September 5, 2000. An accrual has been set for the estimated signing bonus.

The agreements with OSSTF and ETFO expired on August 31, 2000.
