- Hat and hoodies- Hoodies will no longer be allowed but hats are OK as of now.
- Information on the various clubs, groups and class trips. ie. Band to Cuba
- Discussion about the need to connect to the sidewalk on the highway to ensure that the school is accessible to all. Conrad sent a letter to the town on behalf of the council to have a sidewalk installed between the south driveway and Highway 11. He also attended a meeting with the town reps in relation to our request. Town council letter indicated support for the project although no firm commitment. Travis Enge will be following this up with the town moving forward.
