#### Rainy River District School Board postpones elementary Progress Reports

Given the current, cumulative impact of labour action by education unions across the province, the River District School Board, along with most other school boards in Ontario, is postponing elementary Progress Reports.

We will continue to monitor the labour situation and will provide the Progress Reports if time allows. This means that if the situation is resolved within the next few weeks, school staff will provide Progress Reports for students. However, if the job action continues beyond that, there may not be sufficient time to provide Progress Reports as school staff will be focused on the completion and distribution of Term 1 Report Cards.

We understand that this is frustrating and that parents want information about their children's progress. As always, if you have any questions about how your child is doing in school, you may contact his or her teacher for this information.

Parents are valued partners in education, and we will provide any new information and updates as they arise. We also have a dedicated section accessible from the front of our website, [www.rrdsb.com](http://www.rrdsb.com), for ongoing updates.

We continue to have confidence in the professionalism of our teachers throughout the negotiation process, and we value their work with students. We remain hopeful an agreement will be reached soon.

Thank you for your patience, support and understanding.
