Tentative deal reached with Ontario secondary school teachers

The Rainy River District School Board is pleased that Ontario's high school teachers have reached a tentative agreement with the Ontario government and the Ontario Public School Boards' Association regarding to central items. No details of the deal can be provided until this tentative deal is presented to OSSTF union members for ratification during the next few weeks and ratified by both parties.

The announcement of the tentative deal represents many hours and dedication on both sides. The Board appreciates the work of the Ontario Secondary School Teachers' Federation (OSSTF), the Ontario government, and the Ontario Public School Boards Association (OPSBA).

Due to the new two-tiered structure of labour negotiations, an agreement is still required between the local secondary school teachers union and the Rainy River District School Board regarding local issues. Local talks are being scheduled to complete that process.
